Space & Naval Warfare Systems Center Awards Contract

SAN DIEGO -- Comptek Federal Systems Inc. of Buffalo is being awarded a \$25,773,978 indefinite delivery/indefinite quantity type contract with cost-plus-fixed-fee pricing to provide support for the maintenance and modification of the Command and Control Processor computer program. This contract will support both the UYK-43 and Rehost versions, and the integration of the Command and Control Processor and the Common Data Link Management System. The contractor will provide engineering support in the development of engineering changes, plan, design, construct, test and deliver modified computer programs, perform system engineering analysis and evaluation associated with software maintenance and development, provide configuration management and computer programming and platform integration support for the "tailoring" of the Command and Control Processor and the Common Data Link Management System computer program. This contract includes a one-year option, which, if exercised, will bring the total cumulative value of the contract to \$34,970,539. Work will be performed in San Diego. The period of performance is from January 23, 1998 through January 22, 2001. Contract funds in the amount of \$2,577,398 are from overhead and will not expire. This contract was competitively procured, with 23 firms solicited and two offers received. Space and Naval Warfare Systems Center San Diego is the contracting activity (N66001-98-D-0034).

For More Information Contact: Space & Naval Warfare Systems Command Public Affairs and Corporate Communications Office, San Diego, Calif., Mr. Richard Williamson, 619-524-3432.
